SUBJECT: Update on Proposed Regulatory Action to Implement Permissive Site Visits

STATEMENT OF ISSUES

The Board of Vocational Nursing and Psychiatric Technicians (Board) is mandated to ensure the protection of consumers. Pursuant to Business and Professions Code Sections 2883 and 4532 (Senate Bill 539, Chapter 338, Statutes of 2011), the Board is authorized to inspect all schools for preparation of vocational nurses (VNs) and psychiatric technicians (PTs) to determine the program's compliance with prescribed standards for approval.

Revision of existing regulations is required to reflect this statutory change.

BACKGROUND AND SUBJECT REVIEW

On September 26, 2011, SB 539 was approved, thereby extending the operation of the Board through 2016. Additionally, the bill specified the Board's authority to inspect or review all VN and PT programs to determine if approval should be granted or continued.

Current regulations specify the Board shall conduct a survey visit prior to graduation of the initial vocational nursing or psychiatric technician class. Further, six (6) months prior to the date of approval expiration, programs may apply for continued approval based upon submission of documentation satisfactory to the Board. Existing language specifies that the Board may conduct a subsequent survey visit to determine a program's continued approval. As such, a revision of existing regulations is required to implement the statutory change.

On May 10, 2012, the Board approved the regulatory proposal to amend California Code of Regulations (CCR), Title 16, Division 25, Chapter 1, Article 5, Sections 2526 (c), and 2526 of the VN regulations and Sections 2581(c) and 2581(f) of the PT regulations; directed staff to submit the rulemaking file to the Department of Consumer Affairs (DCA) and the Office of Administrative Law (OAL); and authorized the Executive Officer to make non-substantive changes as are required by the Director of the DCA and the OAL.

CURRENT STATUS

Board staff anticipate that the proposed regulations will be published in June 2013. A public hearing will be conducted after the 45-day public comment period ends. The final rulemaking file should be ready for presentation to the Board at the September 2013 Board Meeting.
