has repeatedly contacted Stanton University for transfer of the specific student records, but these requests have also gone unanswered.

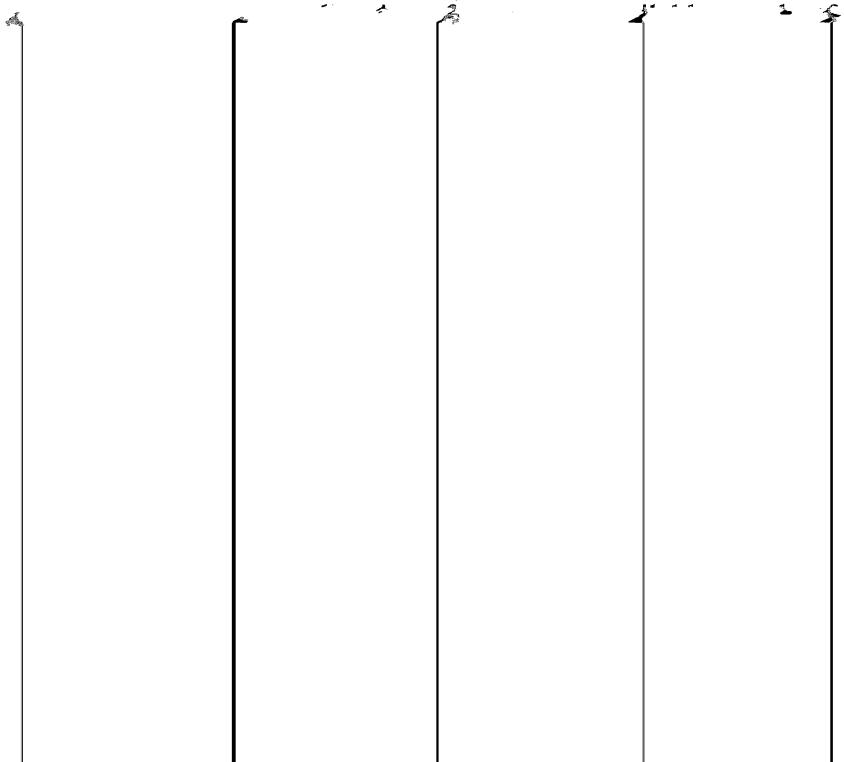
3. Plan of Correction:

For future VN Program Applicants, documentation of all required elements will be submitted to the DON and reviewed by the DON before the final determination of Applicant status, and acceptance of the specific Applicant, is forthcoming.

If an applicant scores below the required 80%, remediation will be implemented and this will be offered prior to Acceptance of Applicant into the VN program.

DON has responsibility for final decisions regarding Applicant admission. However, in-put from the Admissions Committee will be considered in the determination.

Implementation of this policy change was effective in 2012, and remains in effect at this time. The Nursing Admission Committee will review all Applicant documents with the DON. Acceptance of an application for consideration will not occur until and unless all specific criteria and documents have been reviewed.

Interview with the DON will include a reading comprehension exercise to be completed on-site at the time of interview. Interview by the DON will also include use of a scoring sheet.


Interviews will explore the Applicant's work hours, need for childcare, and
