

DATE	May 6, 2025
TO	Board Members
FROM	Judith D. McLeod DNP, CPNP, RN Supervising Nursing Education Consultant
SUBJECT	Education Division Report

Staff Updates

We have hired a new Nursing Education Consultant Dr. Alice Noquez. She started on June 30, 2025. One Nursing Education Consultant position is currently vacant.

Site Visits

The Nursing Education Consultants (NECs) have continued conducting onsite program visits, mostly related to the continued approval process. During the period from April 1, 2025, to June 30, 2025, the NECs conducted nine onsite program visits and two remote program visit. There were three visits that were conducted with multiple NECs, that were training visits for a new NEC.

Initial Approval of New School or Program

The Board created its new Proposed Program Application Process in October 2022. Since then, 56 proposed programs submitted a Letter of Intent for Initial Approval of New School or Program. Fifty-four of the proposed programs were VN programs, and two applications were for a PT program. Of the 55 proposed programs, 43 were private programs and twelve were community colleges. Twelve of the 40 proposed programs have been approved to start a VN program. Nine of the 44 programs had been assigned to an NEC and were later removed from the list due to inability to complete the proposed program process in the allotted time or through voluntary withdrawal. Twelve of the proposed programs have not submitted all required documentation with the Letter of Intent, and due to a lack of communication from the programs, have been removed from the Letter of Intent process.

Currently, there are 11 proposed programs without deficiencies that are assigned to an NEC and are working toward program approval. We had four proposed programs submit a Letter of Intent along with their required documents between April 1, 2025, through June 30, 2025. One new program was approved between April and June of 2025.

Education Division Projects

The Education division has revised the statistical measures included in the Board report to better reflect the workload of the division. The changes will include measuring the reasons for site visits by the NECs and types of violations, in anticipation of creating new cite and fine regulation. As well, the AGPAs have increased their number of projects and complexity of tasks, and this will be better reflected in the statistics. In addition, the supervising nursing education consultant will be using statistical measures to be included on the Board report.

The Education Division continues to work on projects such as updating forms for regulations and fees changes, reviewing Article 5 with counsel to improve VN and PT regulations and the creation of a dashboard with the Office of Information Services to relay analytics to prospective students and the public. The Education tab on the BVNPT's website continues to be reviewed for updates, including webpages like the LVN Fact Sheet and about post-licensure certification, and continuing education providers and updating statistics. This facilitates public access and helps reduce the number of calls to our division. The Education Division has been working with the Enforcement and Licensing divisions to create a process for auditing licensees' compliance with continuing education requirements.

Education Division Events

Currently, the Education Division is working with the California Department of Consumer Affairs Office of Professional Examination Services (OPES) to assist with the fiscal year 2025-26 workshops for the California Psychiatric Technician Licensing Exam (CAPTLE). Workshops will be beginning in September 2025. A report of the results of the Occupational Analysis for Psychiatric Technicians should be available in the fall. The NECs are also planning a forum for programs directors on September 25, 2025, on Innovative Teaching Practices and Lesson Planning. This will include information on use escape rooms, clinical simulation and artificial intelligence.
