DATE	November 10, 2026
TO	Executive Officer Review
REVIEWED BY	Judith D. McLeod DNP, CPNP, RN Supervising Nursing Education Consultant (SNEC)
PREPARED BY	Clarissa Swanson, DNP, RN Nursing Education Consultant (NEC)
SUBJECT	Request to Admit Students; Consideration of Recommendation to Place Program on Provisional Approval
PROGRAM	Stanbridge University, Riverside, Vocational Nursing Program (Program) (Program Director: Rayna Bias-Moorer, Riverside, Riverside County, Private)
BOARD MEETING	November 19-20, 2026

Please note: Board Nursing Education Consultants make recommendations. The recommendations are forwarded to the Education and Practice Committee for review and recommendation or to the Executive Officer or full Board for action.

PROGRAM REQUEST:

Admit a full-time class of 45 students that commenced term one on July 20, 2026, to commence the LVN Program term two on November 23, 2026, with a graduation date of March 3, 2028.

Admit a part -time class of 45 students that commenced term one on June 1, 2026, and to commence the LVN Program term two on November 23, 2026, with a graduation date of October 20, 2028.

Admit a full-time class of 35 students that commenced term one on October 5, 2026, and to commence the LVN Program term two on January 5, 2026, with a graduation date of March 24, 2028.

Admit a part-time class of 35 students that commenced term one on September 21 2026, and to commence the LVN Program term two on February 1, 2026, with a graduation date of December 22, 2028.

BACKGROUND:

On September 23, 2026, the Program Director submitted a revised request to admit a full-time class of 45 students to commence on November 5, 2026, with a graduation date of March 3, 2028, with some supporting documentation.

The previous request on March 23, 2026, to admit students on September 21, 2026 contained documents with inaccuracies, missing information and were revised several times over the course of a few months.

On June 18, 2026, the NEC requested updated information about the request to admit a part-time class of 45 students on September 21, 2026. The Program Director acknowledged the request in an email.

On July 28, 2026, the NEC received documentation from the Program Director to admit a part-time class of 45 students on September 21, 2026. The documents contained inaccuracies in the faculty and facility sheet, and the clinical resources and enrollment table were missing information.

On August 4, 2026, the Program requested consideration for an alternative solution to help expedite approval for Fundamentals and Medical-Surgical Nursing courses.

On August 6, 2026, the NEC inquired about the concerns the Program Director had regarding fundamentals and medical-surgical nursing courses clinical sites, requesting clarification. The NEC did note the current clinical sites that have been approved are as follows: Medical-Surgical Sites: 7 sites; Fundamentals: 10 sites
(6 Full-time and 4 part-time classes) 10 classes total.

On August 6, 2026, the NEC also requested, in separate correspondence, an updated enrollment table by date and with term one listed.

On August 6, 2026, the NEC notified the Program Director that Whitter Hospital is only approved for Pediatrics. The Program Director submitted documentation that demonstrated Whitter Hospital as a maternity site. The current facility verification form was not approved for maternity. The NEC notified the Program Director to remove this site as a maternity site. Currently the Program has one maternity site, whereas previously the Program stated in on their facility and faculty form that they had two maternity sites for the previous request to admit on July 7, 2026.

On August 10, 2026, the NEC received documentation regarding part-time class of 45 students to start the LVN Program term two on September 21, 2026. The documentation did not include term one information on enrollment forms. The attachments included: Faculty and Facilities list, Enrollment Data Table, Documentation of Clinical Resources Spreadsheet or Documentation of Clinical Resources/Maternal/Newborn and Pediatrics. There was not a complete demonstration of resources for all clinical sites. The Program Director did not update the enrollment

form as requested, and another correspondence was sent again requesting the missing documents for a second time. The NEC requested again:

1) An Updated enrollment table with the requested information
2) An Updated faculty and facility sheet.
3) A status on the Program's maternity and pediatric sites. There were no current pending applications and only one maternity site.

On August 10, 2026, in a separate correspondence, the Program Director responded to the NEC's inquiry regarding concerns about fundamentals and medical-surgical nursing clinical sites. The Program Director stated the concern was over the delay in approval for new Fundamentals and Medical-Surgical Nursing clinical site that was just submitted on August 10, 2026, after revisions were requested on June 10, 2026.

On August 10, 2026, in a separate correspondence to the Program Director, it was identified in the submitted documents that the Program was utilizing Parkview Hospital for maternity with fifteen students to one instructor. Parkview Hospital is approved for ten students to one instructor ratio, and the Program is currently sending fifteen students to one instructor, which is not the approved ratio. See attachment B.

On August 11, 2026, the NEC notified the Program Director to document and identify all clinical resources on the documentation of clinical resource form as had not been submitted prior on the submission by the Program Director on August 10, 2026.

On August 12,2026, the NEC notified the Program Director that additional information was required regarding the term one start dates for all classes.

On August 13, 2026, the NEC received an email from the Program regarding the start date for the current request to admit on September 21 2026. The Program Director did not submit the requested updated enrollment table and clinical resources document.

On August 14, 2026, the NEC received one email from the Program with an updated enrollment table and updated faculty and facilities form. No clinical resource document has been received with all information listed as requested.

On September 4, 2026, the Assistant Program Director submitted a request for a class to start the VN curriculum on October 5, 2026. This request was not submitted within the required two-month period for a class request.

On September 14, 2026, The Program Director sent in an application for their first Maternity site since the violation of Kaiser in Riverside (one day before the EO meeting).

On September 15, 2026, the Executive Officer had a request to admit presented for a part-time class of 45 students to commence the LVN Program term two on September 21, 2026. The Executive Officer did not approve this request.

On September 16, 2026, NEC reviewed and sent a verification form to Kaiser in Riverside for maternity approval during the normal approval process.

On September 17, 2026, Kaiser in Riverside denied the application for maternity placement. Therefore, the violation was not corrected.

On September 18, 2026, at 5:00 p.m., the Program Director notified the NEC that eight cohorts are being displaced between September 15 and September 23, 2026, at Community Care of Riverside. All cohorts were rescheduled to a different facility. Reason: COVID.

On September 21, 2026, the NEC notified the Program Director of the denial for placement at Kaiser in Riverside.

On September 21, 2026, at 5:54 pm., the Program Director acknowledged the notification of the denial from Kaiser. The Program Director stated they are searching in Coachella Valley as the NEC recommended.

On September 23, 2026, the Program Director submitted a revised request to admit with the following information:

> In accordance with the regulatory requirements of the Board of Vocational Nursing and Psychiatric Technicians, the Vocational Nursing Program at the Riverside Campus respectfully resubmits its request for approval of AVNRSFT009, a full-time vocational nursing cohort.
>
> For context, the Program originally submitted its request for approval of AVNRSFT009 on September 4, 2026, in advance of the cohort's originally anticipated progression into the core vocational nursing curriculum on October 5, 2026. The students subsequently commenced Term 1 general education coursework on July 20, 2026.
>
> Consistent with the Board's most recent direction, the Program understands that AVNRSFT009 is not presently approved to enroll or progress into the core vocational nursing curriculum and that the Program has been requested to resubmit the cohort for consideration with a core start date after November 4, 2026.
>
> Accordingly, the Program respectfully resubmits AVNRSFT009 for approval with a revised core vocational nursing start date of November 5, 2026. The revised cohort schedule is as follows:
>
> **Cohort AVNRSFT009**
> **Cohort Size Maximum, 45 Students**
> **Current Term 1 Population, 34 Students**
> Term 1 start date: July 20, 2026

Originally requested Term 2 start date: Oct 5, 2026
Revised Term 2 start date: November 5, 2026
Revised Graduation Date: March 3, 2028

On September 23, 2026, the Program Director was notified, after discussing this request with the SNEC, that this class request will be presented at the Board meeting on November 20, 2026. The Program needs approval from the Board to start this class request; there cannot be a start date before the November 20, 2026, Board meeting.

On October 6, 2026, the Program was approved for two facilities for maternity and pediatrics at Riverside University Hospital Systems – Clinics for three students in maternity and two students in pediatrics with one group at a time in the clinics and in the acute care setting, five students in maternity and five students in pediatrics with one group at a time. There are no other applications pending on this date.

On October 20, 2026, the Program Director submitted a request to admit revision dates for Stanbridge University Riverside part time cohort, with term one start date of June 1, 2026 and end date of October 20, 2028. The VN core request to start November 23, 2026, with a graduation date of October 20, 2028.

On October 20, 2026, the Program Director submitted a request to admit for Stanbridge University Riverside full time cohort, with term one start date of September 21, 2026 and end date of December 22, 2028. The VN core class request to start February 1, 2026 with a graduation date of December 22, 2028.

On October 20, 2026, the Program Director submitted a request to admit revision dates for Stanbridge University Riverside part time cohort, with a term one start date of July 20, 2026 and end date March 24, 2028. The VN core class request to start January 4, 2026, with a graduation date of November 23, 2026.

On October 20, 2026, the Program Director submitted a request to admit for Stanbridge University Riverside full time cohort, with a term one start date of October 5, 2026 and end date of April 21, 2028. The VN core class request to start January 4, 2026, with a graduation date of April 21, 2028.

STAFF ANALYSIS:

The NEC reviewed and analyzed the documents provided by the Program Director to verify adequate resources, including clinical facilities and classrooms, to accommodate the student's learning needs and ability to meet the Program's approved objectives.

The Program Director submitted documentation substantiating adequate resources including faculty and facilities, for students to achieve Programmatic learning objectives.

According to current documentation, there are now sufficient resources regarding clinical facilities for the maternity and pediatric rotations on October 6, 2026 when the Program obtained two new clinical sites.

However, this class was requested well after the required deadline and further determination of the class start will occur at the Board meeting on November 20, 2026.

On June 12, 2026, the Program received a violation for insufficient clinical facilities to afford the number, type and variety of patients that will provide clinical experience consistent with approved competency-based objectives and theory being taught for the current and proposed student enrollment. This violation has been corrected on October 6, 2026.

STAFF RECOMMENDATIONS:

1. Place Stanbridge University, Riverside, Vocational Nursing Program on provisional approval for a two-year period beginning November 20, 2026, and issue a certificate accordingly.
2. Deny the Program's request to admit a part-time class of 45 students that commenced term one on June 1, 2026 and to commence the LVN program term two on September 21, 2026, with a graduation date of August 25, 2028.
3. Deny the Program's request to admit a part-time class of 45 students that commenced term one on July 20, 2026 and to commence the LVN program term two on October 5, 2026, with a graduation date of February 4, 2028.
4. Deny the Program's request to admit a full-time class of 45 students that commenced term one on June 1, 2026, and to commence the LVN Program term two on November 5, 2026, with a graduation date of March 3, 2028.
5. Deny the Program's request to admit a full-time class of 45 students that commenced term one on July 20, 2026, and to commence the LVN Program term two on November 5, 2026, with a graduation date of March 3, 2028.
6. Approve the Program's request to admit a full-time class of 45 students that commenced term one on June 1, 2026, and to commence the LVN Program term two on November 23, 2026, with a graduation date of March 24, 2028.
7. Approve the Program's request to admit a part-time class of 45 students that commenced term one on July 20, 2026, and to commence the LVN Program term two on November 23, 2026, with a graduation date of March 24, 2028.
8. Approve the Program's request to admit a full-time class of 40 students that commenced term one on October 5, 2026, and to commence the LVN Program term two on January 5, 2026, with a graduation date of April 21, 2028.
9. Approve the Program's request to admit a part-time class of 40 students that commenced term one on September 21 2026, and to commence the LVN Program term two on February 1, 2026, with a graduation date of December 22, 2028.
10. Require the Program to comply with all requirements listed below.

PROGRAM REQUIREMENTS:

1. Require the Program to submit comprehensive analysis reports as part of their continued approval process: (1) in two months, with a submission date no later than January 30, 2027, (2) in twelve months, no later than November 19, 2027, and (3) in eighteen months, no later than May 20, 2028**.** The reports must include a comprehensive analysis of the Program, timeline for implementation, and the effect of employed interventions. The following elements must be addressed in the analysis.
    a. Terminal Objectives
    b. Evaluation of Current Curriculum including:
        1. Instructional Plan
        2. Daily Lesson Plans for each Term
    c. Student Policies including:
        1. Admission Criteria
        2. Screening and Selection Criteria
        3. Attendance Policy
        4. Remediation Policy
        5. Evaluation Methodology for Student Progress including evaluation of clinical practice
        6. Credit Granting Policy
    d. Evaluations of approved clinical facilities which determine adequacy in number and variety of patients to accommodate current and projected student enrollment.
    e. Faculty Meeting Methodology
    f. Documentation of resources, including faculty and facilities, for all terms for all current cohorts.
2. Admit no additional classes without prior approval by the Board.
3. Require the Program to provide a maximum of ten students for each instructor. The California Code of Regulations, Title 16, Section 2534(d) states: “for supervision of clinical experience, there shall be a maximum of 15 students for each instructor.” Recommendation of one instructor for a maximum of ten students in clinical experiences will enable more focused instruction and enhanced learning to closely monitor and evaluate the clinical performance of students.
4. Require the Program, when requesting approval to admit students, to:
    a. Submit all documentation in final form, free of errors and including all required information, using the forms provided by the BVNPT, no later than by the fifteenth day of the second month preceding the month of the Board meeting.
    b. Provide documentation that adequate resources, i.e., faculty and facilities, are available to support each admitted class of students.

c. Ensure that the Program maintains an average annual pass rate that is compliant with the California Code of Regulations, Title 16, Section 2530(l).

5. Require the Program to provide a maximum of ten students for each instructor. The California Code of Regulations, Title 16, Section 2534(d) states: “for supervision of clinical experience, there shall be a maximum of 15 students for each instructor.” Recommendation of one instructor for a maximum of ten students in clinical experiences will enable more focused instruction and enhanced learning to closely monitor and evaluate the clinical performance of students.
6. Comply with all of the approval standards set forth in Article 4 of the Vocational Nursing Practice Act, commencing with California Business and Professions Code Section 2880, and in Article 5 of California Code of Regulations, Title 16, commencing with Section 2525.
7. Any material changes in circumstances affecting any information contained in the documents submitted by the Program to the Board require the Program to notify the NEC immediately, in writing, per California Code of Regulations, Title 16, Section 2526(g).

RELEVANT PROGRAM ELEMENTS

Enrollment

California Code of Regulations, Title 16, Section 2530(k) states:

> The Program shall have prior Board approval to increase the number of students per class and/or increase the frequency of admission of classes. Criteria to evaluate a school's request to increase the number of students per class and/or increase the frequency of class admissions include but are not limited to (1) Sufficient Program resources as specified in Section 2530(a). (2) Adequacy of clinical experience as specified in Section 2534. (3) Licensure examination pass rates as specified in Section 2530(l).

The Program is approved to offer a 60-week full-time class and a 90-week part time class. BVNPT approval is required prior to admission of each class.

The following table represents current and projected student enrollment based on current and proposed class starts and completion dates. The table indicates a maximum enrollment of 334 students for the period June 2025 through February 2027.

ENROLLMENT DATA TABLE

Date Class (Cohort) Started – *Term 1 Start Date	**Date VN Class (Cohort) Started – *Term 2 Start Date**	Class Completion Dates	Number of Students Admitted	Number of Students Current	Number of Graduated	Total Enrolled
02/17/2025	06/09/2025 PT 001 *(05/14/2027)		28	16		16
06/09/2025	08/25/2025 FT 004 *(12/18/2026)		25	17		16 + 17 = 33
8/25/2025	11/10/2025 FT 005 *(03/12/2027)		37	31		33 + 31 = 64
9/29/2025	02/09/2026 PT 002 *(01/14/2028)		39	36		64 + 36 =100
11/10/2025	02/16/2026 FT 006 *(05/28/2027)		34	38		100 + 38 = 138
2/9/2026	05/04/2026 FT 007 *(08/12/2027)		28	34		138 + 34 = 172
2/16/2026	06/01/2026 PT 003 *(05/05/2028)		17	17		172 + 17 = 189
5/4/2026	07/20/2026 FT 008 *(10/09/2027)		14	17		189 + 17 = 206
06/01/2026	11/23/2026 PT 004 (03/24/2028) **Proposed**		45	21		206 + 21 = 227
07/20/2026	11/23/2026 FT 009 *(03/24/2028) **Proposed**		45	34		227 + 34 = 261
	12/18/2026 *(08/25/2025)				-17	261 – 17 = 244
10/05/2026	01/04/2027 FT 010 *(04/21/2028) **Proposed**		35			244 + 35 = 279
09/21/2026	02/01/2027 PT 005 *(12/22/2028) **Proposed**		35			284 + 35 = 314

*Indicates projected graduation date

Licensing Examination Statistics

California Code of Regulations, Title 16, Section 2530(l) states:

> The Program shall maintain a yearly average minimum pass rate on the licensure examination that does not fall below 10 percentage points of the state average pass rate for first-time candidates of approved vocational nursing schools for the same period.

The following statistics, furnished by Pearson Vue and published by the National Council of State Boards of Nursing as "Jurisdictional Summary of All First-Time Candidates Educated in Member Board Jurisdiction," for the period January 2025 through June 2026, specify the pass percentage rate for graduates of the Program on the National Council Licensure Examination for Practical/Vocational Nurses (NCLEX-PN®) and the variance from the state average annual pass rates.

NCLEX-PN® LICENSURE EXAMINATION DATA

Quarterly Statistics					Annual Statistics		
Quarter	Candidates in Quarter	# Passed in Quarter	% Passed in Quarter	State Quarterly Pass Rate	Program Average Annual Pass Rate	State Average Annual Pass Rate CCR §2530(l)	Variance from State Average Annual Pass Rate
Jan - Mar 2025	23	22	96%	82%	96%	83%	+13
Apr - Jun 2025	1	1	100%	81%	96%	82%	+14
Jul - Sept 2025	1	1	100%	81%	96%	81%	+15
Oct- Dec 2025	1	1	100%	80%	96%	81%	+15
Jan – Mar 2026	No first-time candidates				100%	80%	+20
Apr-June 2026	19	18	95%	83%	95%	81%	+14
Jul - Sept 2026	4	3	75%	80%	92%	81%	+11

*The Annual Pass Rate changes every quarter. It is calculated by dividing the number of candidates who passed during the current and previous three quarters by the number of candidates who tested during the same period. If no data is available for the relevant period, the statistic is carried over from the last quarter for which data is available.

Based on the most current data available July – September 2026) the Program's average annual pass rate is 92 percent. The California average annual pass rate for graduates from approved vocational nursing Programs who took the NCLEX-PN® for the first time during the same period is 81 percent. The average annual pass rate for the Program is 11 percentage points above the state average annual pass rate.

Faculty and Facilities

California Code of Regulations, Title 16, Section 2534(d) states:

> For supervision of clinical experience, there shall be a maximum of 15 students for each instructor.

The current number of approved faculty totals 33, including the Program Director, who has 100 percent administrative duties. Of the total faculty 32 are designated to teach clinical. Based upon a maximum proposed enrollment of 314 students, 32 instructors are required for clinical supervision. The utilization of faculty at clinical facilities ensures adequate clinical instruction. The ratio for clinical is 10 students to one faculty member.

California Code of Regulations, Title 16, Section 2534(b) states, in part:

> Schools shall have clinical facilities adequate as to number, type, and variety of patients treated, to provide clinical experience for all students in the areas specified by Section 2533. There must be available for student assignment, an adequate daily census of patients to afford a variety of clinical experiences consistent with competency-based objectives and theory being taught.

Submitted documentation indicates the Program has sufficient clinical facilities to afford the number, type and variety of patients that will provide clinical experience consistent with approved competency-based objectives and theory being taught for the current and proposed student enrollment.

Violations

On June 12, 2025, representatives of the Board of Vocational Nursing and Psychiatric Technicians (Board) reviewed the submitted documentation by the Program Director to determine compliance with Article 5 of California Code of Regulations, Title 16. Following are the violations identified during the document review.

Violation #1

California Code of Regulations, Title 16, Section 2534(b) states:

Schools shall have clinical facilities adequate as to number, type, and variety of patients treated, to provide clinical experience for all students in the areas specified by Section 2533. There must be available for student assignment, an adequate daily census of patients to afford a variety of clinical experiences consistent with competency-based objectives and theory being taught. Clinical objectives which students are expected to master shall be posted on patient care units utilized for clinical experience.

Violation**:** On March 23, 2026, the Program Director submitted a request to admit a part-time class of 45 students on September 21, 2026, with a graduation date of August 25, 2028, with some supporting documentation. The documents contained inaccuracies, missing information and were revised several times over the course of the next several months.

On June 18 and July 28, 2026, the NEC requested updated information about the request to admit a part-time class of 45 students on September 21, 2026, including more information regarding the faculty and facilities, clinical resources, especially obstetrics and an updated enrollment table in the correct format. The Program Director acknowledged receipt of each emailed request.

On August 4, 2026, the Program requested consideration regarding an alternative solution to help expedite approval for fundamentals and medical-surgical nursing clinical sites.

On August 6, 2026, the NEC inquired about the concerns the Program Director has regarding ~~f~~undamentals and medical-surgical nursing clinical sites, requesting clarification of the August 4 inquiry. The NEC did note that the current clinical sites are as follows: Medical-Surgical Sites: seven sites and Fundamentals: 10 sites and that previous classes had adequate sites for six full-time and three part-time classes for nine classes total.

On August 6, 2026, the NEC again requested, in separate correspondence, an updated enrollment table with the classes listed by date and with the term one start dates listed in a separate column.

On August 6, 2026, the Program Director submitted documentation that demonstrated Whitter Hospital as a maternity site. The NEC notified the Program Director that Whitter Hospital is only approved for pediatrics and could not be used for maternity clinical rotations unless approved. The NEC notified the Program Director to remove this site as a maternity clinical site. Currently the Program has one maternity site, whereas previously the Program stated on their facility and faculty form that they had two maternity sites for all previous requests to admit classes.

On August 10, 2026, the NEC received documentation that the Program is utilizing Whitter Hospital for maternity clinical sites. The documentation did not include term one information on enrollment table forms, as requested. The attachments included: Faculty and Facilities list, Enrollment Data Table, Documentation of Clinical Resources Spreadsheet, Documentation of Clinical Resources/Maternal/Newborn and Pediatrics. There was not a complete demonstration of resources at all clinical sites. The Program Director did not update the enrollment form as requested,

and another correspondence was sent again requesting this for a second time. The NEC requested again:

1) Updated enrollment table with the requested information
2) Updated faculty and facility sheet.
3) A status on the Program's maternity and pediatric sites as there are no current pending applications and only one maternity site.

On August 10, 2026, in a separate correspondence, the Program Director responded to the NEC inquiry on the Program Director's concerns over Fundamentals and Medical-Surgical Nursing Courses clinical sites. The Program Director stated the concern was over the delay in approval for new Fundamentals and Medical-Surgical Nursing clinical sites that was just submitted on August 10, 2026, after revisions were requested since June 10, 2026.

On August 11, 2026, the NEC notified the Program Director of the need to identify all clinical resources on the documentation of clinical resource document as this was not done prior to the submission by the Program Director on August 10, 2026.

Status: The violation has been corrected.

On October 6, 2026, the Program Director submitted two new approvable maternity and pediatric sites.

Violation #2

California Code of Regulations Title 16, section 2534(d) states:

For supervision of clinical experience, there shall be a maximum of 15 students for each instructor.

Violation: On August 10, 2026, it was identified on review of the documentation of resources for clinical sites that the Parkview Hospital approval for maternity was approved for a ratio of ten students to one instructor. In correspondence with the Program Director, it was identified in the submitted documents that the Program was utilizing an approved clinical site with the incorrect ratio of students to instructor. The Program is currently utilizing the ratio of 15 students to one instructor, which is not the approved ratio of students to instructor for this facility.

Status: This violation is not **corrected.**

Attachment A: Program History
Attachment B: Clinical site documentation

STANBRIDGE UNIVERSITY, RIVERSIDE
VOCATIONAL NURSING PROGRAM

Program History

- On May 23, 2023, the Executive Officer approved the following:
  1. Granted initial approval to the Stanbridge University, Riverside, Vocational Nursing Program for the four-year period beginning May 30, 2023, and issued a certificate accordingly.
  2. Approved the Stanbridge University, Riverside, Vocational Nursing Program's request to begin a vocational nursing Program with an initial full-time class of 45 students on June 19, 2023, only, and graduating March 15, 2025.
  3. Approved the Program's 60-week full-time curriculum, six 10-week terms of 1602 hours, including 623 theory and 978 clinical hours.
  4. Required the Program to comply with all requirements listed below.

PROGRAM REQUIREMENTS:

1. Required the Program to obtain prior BVNPT approval before admission of subsequent classes to maintain compliance with the California Code of Regulations, Title 16, Section 2526(c), which states:

   A Board representative shall make a survey visit prior to graduation of the initial class. A Program shall not commence another class without prior Board approval.

2. The Program Director documented adequate resources, i.e., faculty and facilities are available to support the proposed class of students.
3. Notify the NEC in the event a current class is displaced from clinical sites.
4. Board staff will monitor the Program by tracking its licensure examination pass rate each quarter, the number of graduates taking the licensure examination, reviewing Annual Reports submitted by the Program Director, and conducting Continuing Approval Surveys.
5. Comply with all of the approval standards set forth in Article 4 of the Vocational Nursing Practice Act, commencing with the California Business and Professional Code Section 2880, and in Article 5 of the California Code of Regulations, Title16, commencing with Section 2525.
