INTRODUCTION

Business and Professions Code sections 2841.1 and 4501.1 mandate that protection of the public shall be the highest priority for the Board of Vocational Nursing and Psychiatric Technicians (Board) in exercising its licensing, regulatory, and disciplinary functions. Whenever the protection of the public is inconsistent with other interests sought to be promoted, the protection of the public shall be paramount.

To facilitate uniformity of disciplinary orders and to ensure that its disciplinary policies are known, the Board adopted these Disciplinary Guidelines and Uniform Standards Related to Substance Abuse.

Disciplinary Guidelines

The Disciplinary Guidelines are intended for use by individuals involved in disciplinary proceedings against vocational nurse and psychiatric technician licensees or applicants, including administrative law judges and attorneys, as well as the Board members who review proposed decisions and stipulations and have ultimate authority to make final decisions.

While recognizing the concept that administrative law judges must be free to exercise their discretion, the Board requests that the Disciplinary Guidelines be followed to the extent possible and that any departures be noted and explained in the Proposed Decision.

The Board requests that matters in extenuation and mitigation, as well as those in aggravation, be fully considered and noted in the Proposed Decision. Of primary importance is the effect Respondent’s conduct had or could have had on the health, safety, and welfare of California consumers.
Uniform Standards Related to Substance Abuse

Pursuant to Business and Professions Code section 315, the Department of Consumer Affairs (Department) Substance Abuse Coordination Committee formulated Uniform Standards Regarding Substance-Abusing Healing Arts Licensees (rev. 4/20/11). The Board’s Uniform Standards not otherwise incorporated into the Standard Conditions are found in Conditions of Probation 25, 26, 27, 28, 29, and 30. The Uniform Standards apply when dealing with substance-abusing licensees.

If the conduct found to be a violation involves the use of drugs and/or alcohol, the licensee shall be presumed to be a substance abusing licensee. If the licensee does not rebut that presumption, then Conditions of Probation 25, 26 and 27 shall be imposed unless the licensee establishes that, in his or her particular case, appropriate public protection can be provided with modification or omission of a specific standard as a term of probation.

Conditions of Probation 28, 29, and 30 shall be considered where the licensee is found to be a substance abuser, and, if the nature and circumstances of the particular case warrant, shall be imposed as probation conditions.

The Board may impose more restrictive conditions, if necessary, to protect the public.
REGULATORY AUTHORITY

California Code of Regulations
Title 16, Division 25

Section 2524 (VN) & Section 2579.10 (PT):

Disciplinary Guidelines and Uniform Standards Related to Substance Abuse.

In reaching a decision on a disciplinary action under the Administrative Procedure Act (Government Code section 11400 et seq.) the Board shall utilize the disciplinary guidelines entitled “Disciplinary Guidelines and Uniform Standards Related to Substance Abuse” (Rev.6/20/11), which are hereby incorporated by reference. The Uniform Standards apply to a substance abusing licensee.

(a) Subject to subsection (b), deviation from the Disciplinary Guidelines, including the standard conditions of probation, is appropriate where the Board, in its sole discretion, determines that the facts of the particular case warrant such a deviation - for example: the presence of mitigating or aggravating factors; the age of the case; evidentiary problems.

(b) If the conduct found to be a violation involves the use of drugs and/or alcohol, the licensee shall be presumed to be a substance-abusing licensee for purposes of section 315 of the Code. If the licensee does not rebut that presumption, then the Uniform Standards for a substance abusing licensee shall apply.

(c) Notwithstanding the Disciplinary Guidelines, any proposed decision issued in accordance with the procedures set forth in Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code that contains any finding of fact that the licensee engaged in any act of sexual contact as defined in subdivision (c) of section 729 of the Business and Professions Code, with a patient, or has committed an act or been convicted of a sex offense as defined in Section 44010 of the Education Code, shall contain an order revoking the license. The proposed decision shall not contain an order staying the revocation of the license.
FACTORS TO BE CONSIDERED

In determining whether revocation, suspension or probation should be imposed in a given disciplinary action, the following factors should be considered:

- Nature and severity of the act(s), offense(s), or crime(s) under consideration.
- Actual or potential harm to the public.
- Actual or potential harm to any patient.
- Overall disciplinary record.
- Overall criminal actions taken by any federal, state or local agency or court.
- Prior warnings on record or prior remediation.
- Number and/or variety of current violations.
- Mitigating or aggravating evidence.
- In case of a criminal conviction, compliance with terms of sentence and/or court-ordered probation.
- Time passed since the act(s) or offense(s) occurred.
- If applicable, evidence of proceedings to dismiss a conviction pursuant to Penal Code section 1203.4.
- Cooperation with the Board and other law enforcement or regulatory agencies.
- Other rehabilitation evidence.

The Board reserves the right to evaluate Respondent’s request and to exercise its discretion whether to grant the request without further hearing. Upon formal acceptance of the tendered license, Respondent will no longer be subject to the conditions of probation.

Surrender of Respondent's license shall be considered a disciplinary action and shall become a part of Respondent's license history with the Board. A licensee who surrenders his/her license may petition the Board for reinstatement no sooner than the following minimum periods from the effective date of the disciplinary Decision for the surrender:

If during probation, an Accusation or Petition to Revoke Probation has been filed against Respondent's license or the Attorney General’s Office has been requested to prepare an Accusation or Petition to Revoke Probation against Respondent's license, the probationary period shall automatically be extended and shall not expire until the Accusation or Petition has been acted upon by the Board.
15.  SUSPENSION OF LICENSE

### Important Notes:

- Conditions of Probation 1 through 14 are standard conditions of probation. The Board requests these standard conditions of probation be imposed on all disciplinary cases resulting in probation.
- Conditions of Probation 15 through 24 are optional conditions of probation, which address specific circumstances of a case.
- Conditions of Probation 25 through 27 must be imposed as conditions of probation for all substance-abusing licensees.
- Conditions of Probation 28 through 30 must be considered for all substance-abusing licensees and, if the circumstances of the case warrant, shall be imposed as probation conditions.

If individual circumstances exist which justify omissions or deviations from these guidelines, the Board requests that this information be duly noted in the Proposed Decision issued by the Administrative Law Judge hearing the case. This will help the Board to better evaluate the Proposed Decision and to make an official Decision which accurately reflects the facts of each specific disciplinary matter.

* Other Conditions of Probation may be added based upon the underlying cause of discipline.
